The Southern California Association of Governments is holding two workshops for Native American tribes on the 2016-2040 Regional Transportation Plan/Sustainable Communities Strategy (2016 RTP/SCS) and Program Environmental Impact Report (PEIR) for the 2016 RTP/SCS. The 2016 RTP/SCS is a long-range plan that provides a vision for transportation investments and land use development over the next 25 years, and seeks to improve mobility, promote sustainability, facilitate economic development and preserve the quality of life for residents. The workshops will provide an overview of the 2016 RTP/SCS, the PEIR for the 2016 RTP/SCS, and seek input on three key areas related to the planning and environmental analysis processes:

- Priorities and comments related to the 2016 RTP/SCS
- Tribal cultural resources within the SCAG region for purposes of the PEIR
- Potential impacts from transportation projects and, if necessary, alternatives or feasible measures for preservation or mitigation

Tribal council members, tribal representatives, cultural resource specialists and any other interested persons are invited to attend. To register for one of these workshops, please visit: <http://bit.ly/TribalRTP>. For more information on the 2016 RTP/SCS, please visit: <http://scagrtpscs.net>.
