**Summary:**

Current law authorizes the legislative body of a city or a county to establish an enhanced infrastructure financing district, with a governing body referred to as a public financing authority, to finance public capital facilities or other specified projects of communitywide significance. Current law authorizes the public financing authority to issue bonds for these purposes upon approval by 55% of the voters voting on a proposal to issue the bonds. Current law requires the proposal submitted to the voters by the public financing authority and the resolution for the issuance of bonds following approval by the voters to include specified information regarding the bond issuance. This bill would instead authorize the public financing authority to issue bonds for these purposes without submitting a proposal to the voters.

This bill would require a county to integrate cultural competence, as defined, into its emergency plan, upon the next update to its emergency plan, as specified. By increasing the duties of local officials, this bill would impose a state-mandated local program.

Support and Amend

**EXECUTIVE SUMMARY:**

*In 2015, the Integrated Climate Adaptation and Resilience Program (ICARP) was established at the Office of Planning and Research (OPR). Senate Bill (SB) 168 would establish the Chief Officer of Climate Adaptation and Resilience to be appointed by the Governor and serve as the statewide lead for planning and coordination of climate adaptation policy and implementation. This bill would also designate the chief officer as the chair of the advisory council and expand the eligible range of disciplines for members of the advisory council. Staff recommends that the Legislative/Communications & Membership Committee (LCMC) forward a “support and amend” position recommendation to the Regional Council on SB 168.*

**STRATEGIC PLAN:**

This item supports SCAG’s Strategic Plan, Goal 2: Advance Southern California’s policy interests and planning priorities through regional, statewide, and national engagement and advocacy.

**BACKGROUND:**

In 2015, Senator Wieckowski authored SB 246, which was signed into law and directed OPR to form the ICARP. The program is designed to develop a coordinated response to the impacts of climate change across state, local, and regional levels. One main component is the State Climate Adaptation Clearinghouse, which serves as a centralized source of information and resources to assist decision-makers at the state, tribal, regional, and local levels when planning for and implementing climate adaptation and resiliency efforts across California.

Additionally, SB 246 established an advisory council comprised of members from a range of disciplines, in order to provide scientific and technical support, and from regional and local governments and entities. The advisory council supports OPR’s goals to facilitate coordination among state, regional, and local agency efforts to adapt to the impacts of climate change by developing tools and guidance, coordinating state agency support for local and regional efforts, and informing state-led programs to better reflect the efforts and challenges faced by local and regional entities pursuing adaptation, preparedness and resilience. As a result of SB 246, the work being done at OPR contributes to the state’s climate adaptation efforts by building a permanent structure for state, local, and regional stakeholder participation and growing the resources for adaptation and resiliency action.

**SB 168**

Introduced by Senator Bob Wieckowski (D- Fremont) on January 28, 2019, SB 168 would establish the Chief Officer of Climate Adaptation and Resilience at OPR and make the chief officer the chair of the advisory council. Additionally, this bill expands the eligible range of disciplines for members of the advisory council (noted in blue).

(b) Members of the advisory council shall have expertise in the intersection of climate change *or climate science* and areas that include, but need not be limited to, any of the following:

- (1) Public health.
- (2) Environmental quality.
- (3) Environmental justice.
- (4) Agriculture.
- (5) Transportation and housing.
- (6) Energy.
- (7) Natural resources and water.
- (8) Planning.
- (9) Recycling and waste management.
- (10) Local or regional government.
- (11) Tribal issues.
- (12) Emergency services and public safety.
- (13) *Procurement.*
- (14) *Innovative finance and life-cycle asset management.*

SB 168 was referred to the Senate committees on Environmental Quality and Natural Resources and Water on February 6, 2019. It is currently scheduled to be heard in the Senate Committee on Environmental Quality on March 20, 2019.

**Staff Recommendation**

Staff recommends a support and amend position for SB 168 consistent with Regional Council-adopted policy and legislative priorities to support programs that provide the resources necessary for communities to prepare for the consequences of a changing climate and resulting natural disasters. In addition, the current composition of the advisory council includes a local or regional government representative. Staff recommends that SB 168 be amended to separate regional from local governments and that the category specify that a Metropolitan Planning Organization (MPO) should represent the regional level.

Policies: Joint Meetings

**RECOMMENDED ACTION:**

Support

**EXECUTIVE SUMMARY:**

*As of 2018, the California Transportation Commission (CTC) and the California Air Resources Board (ARB) hold joint meetings at least twice annually to coordinate the implementation of transportation policies. AB 185 would require the California Department of Housing and Community Development (HCD) to participate in those joint meetings. Staff recommends that the Legislative/Communications & Membership Committee (LCMC) forward a “support” position recommendation to the Regional Council on AB 185.*

**STRATEGIC PLAN:**

This item supports SCAG’s Strategic Plan, Goal 2: Advance Southern California’s policy interests and planning priorities through regional, statewide, and national engagement and advocacy.

**BACKGROUND:**

In 2017, former Governor Brown signed AB 179 (Cervantes) into law requiring the CTC and ARB meet at least twice annually to coordinate implementation of transportation policies, including interagency efforts like implementation of the California Sustainable Freight Action Plan, development of the California Transportation Plan, and the setting of greenhouse gas emission reduction targets for automobile and light truck sectors in 2020 and 2035, respectively.

During the inaugural meeting, in June 2018, it became evident from Commissioners, Board Members, and the public that key state agencies and policy areas were missing from the discussion. Stakeholders commented that the joint meetings could address issues related to land use, transportation, and access to housing. In particular, discussion could address how the lack of housing supply and rising housing costs have a significant impact on housing development growth patterns and the demands placed on transportation systems.

**AB 185**

Introduced by Assemblymembers Timothy Grayson (D-Concord) and Sabrina Cervantes (D-Corona) on January 10, 2019, AB 185 would require that the HCD participate in joint meetings with the CTC and CARB.

AB 185 was referred to the Assembly Committee on Transportation on February 4, 2019. It is unclear when this bill will be heard in committee.

**Support**

- California Transportation Commission

**Opposition**

- None

**Staff Recommendation**

Staff recommends a support position for AB 185 consistent with Regional Council-adopted policy and legislative priorities to advocate for efforts that promote the consistency within state law of the sometimes competing demands contained within SB 375 and state mandated regional housing programs.

Given the interrelated nature of land use patterns and transportation systems, facility siting and permitting, and other policy areas that require input from the Department of Housing and Community Development, there is a clear connection between housing and transportation. Staff recommends support for AB 185 to provide a more comprehensive, balanced, and informed discussion on the issues of land use, transportation, and air quality at these Joint Meetings.

The Honorable Timothy Grayson  
Member of the Assembly  
State Capitol, Room 4164  
Sacramento, CA 95814

Re: Support for Assembly Bill 185

Dear Assembly Member Grayson:

As part of its statutory charge, the California Transportation Commission (Commission) advises the Administration and the Legislature on state transportation policies and makes recommendations for legislation to improve the transportation system.

The Commission adopted a position to support Assembly Bill (AB) 185 at its meeting on January 30, 2019. This bill requires the Department of Housing and Community Development (DHCD) to participate in joint meetings held by the Commission and the California Air Resources Board (CARB) to coordinate their implementation of transportation policies. These joint meetings are required under Chapter 737 of 2017 (AB 179, Cervantes).

At the inaugural joint meeting between the Commission and CARB held in June 2018, it was evident from Commissioner, Board Member, and public comment that key state agencies and policy areas were missing from the discussion. Given the connection between transportation and housing, DHCD's participation in these joint meetings is critical for transportation policy discussions on issues such as land use decisions, growth patterns, and facility siting and permitting. For this reason, the Commission, in its 2018 Annual Report to the Legislature, recommended legislation to include DHCD in the joint meetings.

Assembly Member Grayson  
RE: Support for Assembly Bill 185

In its 2018 Annual Report, the Commission also recommended including the California Energy Commission (CEC) in the joint meetings, given CEC's role in promoting advanced transportation technologies to achieve state environmental goals. For example, CEC currently is leading an effort to complete a statewide network of electric vehicle charging stations along key interregional highway corridors. Because CEC administers this and other transportation-related programs, the Commission respectfully requests that you consider amending AB 185 to require CEC to participate in the joint meetings as well.

The Commission commends your leadership on further coordinating the implementation of transportation policy across key state agencies. Commissioners and staff are available to provide information that may assist you in moving this legislation forward. If we can be of assistance, please contact the Commission's Executive Director, Ms. Susan Bransen, at 916-654-4245.

Sincerely,

FRAN INMAN  
Chair
