1.0 CALL TO ORDER AND INTRODUCTIONS

Brian Smolke
Chairperson

2.0 INFORMATION ITEMS

2.1 Update on Regional and Subregional Modeling Programs

Group Discussion
15 minutes

Discussion by MTF members – an opportunity for agencies to share the status of their current modeling projects and upcoming modeling priorities.

2.2 Transportation Modeling for the Los Angeles 2028 Olympic and Paralympic Games - The 'Living Model'

Chelsea Richer
@Fehr&Peers
Allan Gooch
@Jacobs

40 minutes

This presentation describes how Jacobs and Fehr & Peers have developed the 'LA28 Living Model' on behalf of Metro and Games Mobility Executive (GME) partners. It describes the methodology that has been adopted, the key sources of data and input assumptions, and the emerging results. The presentation also discusses how the various analytical tools, that are part of the Living Model process, can be used to help all parties plan the Games on a consistent and up-to-date basis.

2.3 Tools to Support Olympics Freight and Passenger TDM Strategies

Jonathan Raspa
@SCAG
Anurag Komanduri
@Locus

50 minutes

The LA28 Olympics is anticipated to bring in an unprecedented number of participants and attendees to the greater Los Angeles region. Events are scheduled to run throughout the day (multiple sessions) across multiple venues and will impact traffic across the region. SCAG is interested in documenting these likely impacts and identifying potential strategies that can mitigate anticipated surge in traffic and travel. In today's presentation, we present preliminary versions of tools that are helping SCAG conduct these regional coordination efforts with a variety of public and private stakeholders.
